local government organisation and management in britain is in the throes of a major transformation brought about by changing economic social and political circumstances and central government legislation this book outlines the major pressures for change and analyses and assesses local government s response in terms of role culture structure and internal process particular attention is paid to the consequences of new decentralised competitive regulatory and enabling models of what local authorities should be like in the mid 1990s

environmental certification is an effective tool for managing the environmental impact of companies leveraging their competitive capabilities and ensuring their compliance with environmental principles a growing number of countries across the world are adopting this practice and the growth of new environmental standards with different scopes aims and roles calls for a clear and updated systematization of the issue this book provides a comprehensive up to date overview of the different environmental certification tools as well as examining practical methods of implementing the standards for each type of certification the book discusses their added value from a corporate management perspective in identifying the most important requirements and standards for the issuing of environmental certification of both products and processes the book demonstrates how companies can use operational methods to develop an environmental management system or a product certification in practice balancing a complete theoretical presentation of the issue with an operational perspective the book supports the

adoption and implementation of environmental certification tools it will be a valuable resource for professionals as well as students and scholars of environmental management sustainable business and corporate social responsibility

this book is a printed edition of the special issue sustainable business models that was published in sustainability

miriam schader shows that migrants can use religion as a resource for political involvement in their new country of residence but under certain circumstances only the author analyses the role religious networks and symbols play for the politicization and participation of muslim and christian migrants from sub saharan africa in berlin and paris against the widely held belief that islam is a political religion in itself this study demonstrates that christian migrants draw on their religion for political action more easily than their muslim counterparts it also highlights that it is not religion in general which helps migrants get politically active but particular forms of religious organisations and particular theological elements

analysis of the manufacturing enterprises in uttar pradesh and an in depth study of the agro industrial corporation set up in 1967

examines and compares various forms of government in industrialized countries

robin gauld brings together health care practitioners from the new zealand health sector in order to provide a ground floor view of how the island nation s health care is managed and delivered the material primarily consists of case studies of institutions and programs with which the authors have firsthand experience the studies address topics such as the management of information systems the use waiting lists the impact of hospital restructuring on nursing and managing a rural community health trust a few of the papers are broader in scope offering overviews of particular health sectors or critiquing existing policy assumptions

analyses the characteristics of enterprises that provide social services and their role in creating socially oriented employment for disadvantaged people
